

November 12, 2018

Dear colleagues:

**Announcement and Call for Applications of
GMA Workshops 2019**

Daejeon, Korea

It is my great pleasure to announce that Global Metrology Academy (GMA) of KRISS is going to offer a couple of workshops in 2019. The first one is scheduled to take place for the two weeks of March 25 – April 3, 2019 covering the key subjects of Flow Measurement and Calibration (FMC). In addition, we are ready to offer another workshop addressing metrology in Ionizing Radiation (RI) for the two weeks of June 10 – 20, 2019.

[GMA Workshops 2019]

Themes	Dates	Applications by
Flow Measurement and Calibration (FMC)	March 25 – April 3, 2019	January 20, 2019
Metrology in Ionizing Radiation (RI)	June 10 – 20, 2019	March 20, 2019

Technical sessions are effectively designed with lectures and hands-on exercises of basic/intermediate level, so that they could get better understanding of fundamental knowledge and advanced skills regarding the themes. It will enable them to better meet the needs of customers with quality measurement services. A two-day session of Metrology in General (MiG) will be followed by technical sessions. MiG features the GMA courses, as it addresses the issues of CIPM MRA (KC-CMC-traceability), revised SI, QMS, and uncertainty in measurement. They are all prerequisites for participants to learn to be able to play a leading role in their metrology communities.

In view of better performance of learning, each course will accept **around 10 participants**. Enclosed please find the overview of the GMA workshops 2019 and application form, which present provisional programs, qualification/requirements for application, and financial arrangements. For any inquiry about GMA courses, please contact Mr. Sangwook Seo of GMA at swseo@kriss.re.kr.

With all my best wishes to you all for a Happy New Year filled with smiles, love and prosperity.

Sincerely yours,

Jongseon PARK, Ph.D. jspark@kriss.re.kr
Head, Center for Measurement and Training Services
Korea Research Institute of Standards and Science (KRISS)
